

Media Release

Thursday 19th April 2018

Marymead is delighted to announce the signing of Capitol Chilled Foods Australia (CCFA) as their newest corporate partner, a sponsorship that will provide the community service provider much needed funds and discounted product, both of which will assist in the delivery of their Programs and Services in Canberra and throughout the Southern and Western regions of NSW.

CCFA is committed to producing and distributing products of the highest quality to customers both here in the ACT under the Canberra Milk brand and within similar regional areas that Marymead services under the Dairy Farmers brand. In addition to the manufacturing of Canberra Milk and Dairy Farmers milk products at its Canberra factory it also distributes other leading Australian brands including Bega, DARE, Moove, Yoplait and other chilled products including Berri and Daily Juice. Capitol Chilled Foods is also a sponsor of many of the region's community and sporting organisations, supporting fresh ideas and efforts that benefit those who live in our communities.

Marymead's Marketing Manager, Mr Jeff Griffiths, has stated his delight with the alignment of the two organisations. "It's a perfect fit for us with both organisations proudly possessing a long, reputable history and sound community values", Mr Griffiths stated. "It would not be possible for Marymead to continue to provide the valuable services to the communities in which we work without the support of corporate organisations and local communities generally so we warmly welcome CCFA as our newest corporate partner" he added.

Marymead continues to provide a vast range of high quality, innovative support services to children, young people and their families throughout the ACT and regional NSW, with offices in Canberra, Goulburn, Moruya, Wagga Wagga and Young.

Marymead's array of programs and services now include an Autism Centre, Child and Family Counselling, Disability Support, Early Intervention and Family Support Programs, Respite Care, a Grandparent's Support Network, Mental Health Family Support, Parent Education Groups, Post Separation Support, Residential Care and Supervised Contact and Changeover. Marymead also delivers its Permanency Program within the southern and western NSW regional areas which includes foster care, restoration support, adoption and guardianship.
